In all our dishes you taste the quality of local products and craftsmanship. Provided by passionate suppliers that we've chosen thanks to their focus on sustainability.

And our social impact reaches further. We reduce waste by upcycling our empty wine bottles, we help grow the passion for culture by offering talent a podium and we collaborate with partners from Utrecht to for example fight loneliness in our city.

You want to create social impact yourself? Be inspired by our partner Social Impact Factory. Read more about this on the back of this menu.

In the Museum quarter of Utrecht a bike wrapped in silver foil glistens in the evening sun in contrast to the deepening shadows. Typical Utrecht!

Welcome at De Utrechter & Social Impact Factory, your partners in creating impact!

Act-Pact-Impact is our combined conviction to bring talented people and socially orientated purpose together. By connecting and facilitating in this historical building in the centre of Utrecht, we help solve social challenges on a daily basis. Our 'act'.

We aim to host with passion and professionalism every moment that matters, business or leisure. Your objectives matter to our team, whether it be a successful meeting, a lasting memory or just an enjoyable moment in the day. We have turned this mission into our 'pact'.

Our good facilities and outstanding hospitality have a key role in the performance of our in-house social entrepreneurs and play a connecting influence between the inhabitants and visitors to the city of Utrecht. This is our 'impact'.

To activate and support social impact initiatives, we organise (corporate) events. From inspiring workshops, to providing a public platform to the cultural talent in Utrecht.

Act-Pact-Impact is our focus for what we do and think. Whether you are a start-up, corporate, governmental institution or a local inhabitant, we can become partner in your social goal!

Feel free to ask us about our services and possibilities or visit deutrecht.nl or sifutrecht.nl.

We wish you a memorable day!
